

I am delighted to be your guide at our next Beginners Series!

This will be a building series....we will learn and add each week. It's important that you can make each class to receive the greatest benefits and understanding. This is 6 weeks (reduced from our 12-week program) will be full of yogic breathing, movement and relaxation.

Dress comfortably (sweat pants, stretchy pants, anything non-binding). When you arrive if, if the glass door to the studio is closed, it means a previous class is still in session, so please have a seat (voices to a whisper).

You will leave any personal items (keys, purses, telephones etc) out of the studio space to keep the room free and clear of personal items.

All Yoga was made for healing – physically, internally, mentally, spiritually. Please be sure to tell us of any concerns you may have (arthritis in the knee, torn rotator cuff etc) so that we may offer the proper postures. We have numerous to choose from. GBY is and has always been a classical studio with a focus on inclusivity and non-dilution of the practices of Yoga.

Bring a professional yoga (sticky) mat. We have them for rent at \$2 (cash please) and a few for sale (\$8-\$34) Try to avoid Walmart, Target etc for mats as they are generally very thin and slippery. Locally – Dicks Sporting goods is best,

Questions are greatly encouraged. I (we all) am down to Earth and pretty easy going so please know you are in a safe space.

Most teachers offer handouts regarding each class and what was learned. You may take a handout if you like.

Lastly – after these 6 weeks ends – you will have 6 “anytime” classes. 12 Classes / 12 weeks PLUS you will also receive a 15% off continuance discount card you can turn in before your 12 weeks ends. Refer a friend and get \$15 on your account for future use. We love referrals

At some point towards the end, we can discuss the various classes we have here.

Be happy to guide you!

Peace and light to you....
